Quick-Form Lite

Strong, Economical Hand-Set and Gang-Set Panel System

- **Versatile**
Easily transforms from modular panel system into a large area gangform
- **Sturdy**
High quality steel frames for long-term durability
- **High strength**
Permissible concrete pressure 1500 psf
- **Premium Birch Panels**
9-ply 220/220 1/2" birch face - Xact2Form
- **Innovative design**
Compatible horizontal/vertical
- **Economical**
Frame width only 4" - reduces shipping volume
- **Extensive range of accessories for any application**
Clamps, adjustable clamps, corners, walkway brackets, euro-rod or imperial ties, lifting lugs
- **Professional powder coat**
Steel frames and accessories are professionally powder coated. This baked-on coating leaves a smooth, tough surface that makes clean-up easier and gives better protection from weather wear and typical heavy construction use. Standard color - Bellwood Red. Others available upon request.

Value Added Services

- Form detailing and field consulting
- Custom design available
- Rental and refurbishing program
- Nationwide delivery
